

Vote Parliamentary Commissioner for the Environment

APPROPRIATION MINISTER(S): Speaker of the House of Representatives (M78)

APPROPRIATION ADMINISTRATOR: Parliamentary Commissioner for the Environment

RESPONSIBLE MINISTER FOR PARLIAMENTARY COMMISSIONER FOR THE ENVIRONMENT:
Speaker of the House of Representatives

Overview of the Vote

The position of the Parliamentary Commissioner for the Environment was established by the Environment Act 1986 to provide Members of Parliament with independent, high quality advice about environmental matters. Advice is generally in the form of reports on investigations, and presentations and submissions to select committees.

The Commissioner has seven statutory functions under the Environment Act to investigate environmental issues, processes, and public agencies. As an Officer of Parliament, the Commissioner has a unique opportunity to provide Parliament with independent advice in its consideration of any matters that may have an impact on the quality of the environment. The Commissioner also communicates his advice to a wider public audience.

The Commissioner is required to deliver one output, Reports and Advice. The Vote comprises:

- one output expense of \$3.362 million for Reports and Advice
- other expense of \$338,000 for the Commissioner's Remuneration under Permanent Legislative Authority, and
- capital expenditure of \$72,000 under Permanent Legislative Authority for office equipment, furniture and fittings.

Details of these appropriations are set out in Parts 2-4.

1.3 - Analysis of Significant Trends

The appropriations for the Office of the Parliamentary Commissioner for the Environment remained unchanged between 2010/11 and 2012/13. In the 2013/14 financial year a \$100,000 increase to baseline funding was given to meet increasing cost pressures that had been absorbed in prior years.

For 2014/15 and 2015/16 financial years a \$450,000 increase to baseline was to meet the resource requirements necessary to carry out the additional outputs required by the Environment Reporting Act 2015. This funding, for the outputs associated with the Environmental Reporting Act 2015, increased to \$550,000 in 2016/17 and out-years.

For the 2016/17 year specifically, a one off increase of \$60,000 to the appropriation for the Parliamentary Commissioner for the Environment is to meet the cost of recruitment of the new Commissioner in that year.

The Commissioner's remuneration, as set by the Remuneration Authority, has been increased by \$10,000 from \$326,000 to \$336,000, for the 2017/18 and subsequent years.

From 2018/19 year and out-years, there is an increase of \$384,000 to the office's permanent baseline in order to achieve the objective of providing independent, robust and timely advice to Members of Parliament.

The Commissioner's remuneration, as set by the Remuneration Authority, has been increased by \$1,000 from \$336,000 to \$337,000, for the 2018/19 and subsequent years.

The Commissioner's remuneration, as set by the Remuneration Authority, has been increased by \$1,000 from \$337,000 to \$338,000, for the 2019/20 and subsequent years.
