Stewardship and Oversight of the Tertiary Education System (M119) (A19)

Scope of Appropriation

This appropriation is limited to providing advice and services to support Ministers to discharge their portfolio responsibilities relating to tertiary and international education, as well as administrative and oversight activities including research and monitoring the tertiary education system.

How Performance will be Assessed and End of Year Reporting Requirements

	2024/25			
Assessment of Performance	Estimates Standard	Supplementary Estimates Standard	Total Standard

Legislative timeframes met for Official information Act requests (see Note 1)	Revised measure	95%	95%	

	2024/25			
Assessment of Performance	Estimates Standard	Supplementary Estimates Standard	Total Standard	
Percentage of Official Information Act requests made to the Ministry released on the Ministry's website within 10 working days, where a decision has been made to publicly release the information (see Note 2)	98%	Deleted measure	Deleted measure	
Percentage of Education Reports and Briefing Notes to Ministers proactively released and published online within 30 business days of final decisions being taken by Ministers, unless there is good reason not to publish all or part of the material, or to delay the release beyond 30 business days (see Note 2)	70%	Deleted measure	Deleted measure	

Note 1 - Three performance measures relating to Ministerial satisfaction survey have been revised to reflect the change in portfolio (Minister for Vocational Education and Minister for Universities). Three performance measures relating to timeliness of response to Ministerial services requests have been revised to simplify the wording of the measure.

Note 2 - Two performance measures relating to timeliness on proactive releases have been deleted as these are not legislatively required. These measures will continue to be monitored for internal reporting purposes.

Part 3 - Details of Non-Departmental Appropriations

3.1 - Non-Departmental Output Expenses

Administration of and Support for the Tertiary Education and Careers Systems (M119) (A19)

Scope of Appropriation

This appropriation is limited to giving effect to the Tertiary Education Strategy by effectively investing in, monitoring, informing and influencing the tertiary education and careers systems, managing the Crown's ownership interest in tertiary education institutions, and providing advice and support to Ministers.

Reasons for Change in Appropriation

This appropriation decreased by \$8.504 million to \$69.520 million for 2024/25 due to revisions to TEC administration costs appropriated in Budget 2024 and required split between operating and capital expenditure for the final-year Fees Free scheme (\$9.189 million decrease). This also reflects Cabinet decisions for Inland Revenue to administer the final-year Fees-Free scheme.

The decrease is partially offset by a transfer from Vote Social Development and Employment for administration of the Apprenticeship Boost Initiative (\$500,000 increase), and a transfer from non-departmental output expense Foundation and Community Education (in Tertiary Tuition and Training MCA) for co-ordination of emergency management and search and rescue training (\$185,000 increase).

International Education Programmes (M26) (A19)

Scope of Appropriation

This appropriation is limited to delivery of services in respect of international education, including promotion, information, research and professional development, both in New Zealand and overseas, for the purpose of delivering an excellent student experience, achieving sustainable growth and developing global citizens.

Reasons for Change in Appropriation

This appropriation decreased by \$255,000 to \$30.027 million for 2024/25 due to a transfer to Vote Business, Science and Innovation for The New Zealand Story initiative.

Strategic Support for National and Regional Priorities (M119) (A19)

Scope of Appropriation

This appropriation is limited to supporting the tertiary education sector to respond to national and regional priorities, including maintaining and developing innovative programmes of learning.

Reasons for Change in Appropriation

This appropriation decreased by \$42.412 million to \$41.420 million for 2024/25 due to the:

- discontinuation of the Strategic Component of the Unified Funding System for Vocational Education and Training (VET) from 1 January 2025 and transfer of the funding appropriated for it to non-departmental output expense Qualification Delivery (in Tertiary Tuition and Training MCA) to increase per-learner delivery component subsidy rates for provider-based and extramural (including online) VET delivery (\$40.912 million), and
- transfer of funding from 1 January 2025 for Te Tahua o Te Reo Kairangi (Te Tahua) fund to support growth and proficiency of te reo Māori (at qualification level 5 and above) to non-departmental output expense Qualification Delivery (in the Tertiary Tuition and Training MCA) (\$1.500 million).

3.2 - Non-Departmental Benefits or Related Expenses

Tertiary Scholarships and Awards (M14) (A19)

Scope of Appropriation

This appropriation is limited to providing scholarships and other awards in the tertiary sector to students, researchers and teachers, within New Zealand and internationally.

Reasons for Change in Appropriation

This appropriation increased by \$750,000 to \$21.428 million for 2024/25 due to a transfer from non-departmental output expense Qualification Delivery (in the Tertiary Tuition and Training MCA) to meet increased demand for Medical Trainee Intern Grants payable to final-year medicine students.

3.4 - Non-Departmental Other Expenses

Fees-free Payments (M14) (A19)

Scope of Appropriation

This appropriation is limited to ensuring fees-free study for eligible students, apprentices and trainees.

Reasons for Change in Appropriation

This appropriation increased by \$23.409 million to \$153 million due to provision to ensure equitable coverage for closing the first-year Fees Free scheme on 31 December 2024 through a one-year sunset period until 31 December 2025 for eligible learners enrolled in study or training in 2024 with remaining entitlement, and who continue the same programme of study in 2025 (\$25 million increase).

The increase is partially offset by the transfer of funding for the final-year Fees Free scheme to Vote Revenue as Inland Revenue will be administering the final-year Fees-Free scheme (\$1.591 million decrease).

3.5 - Non-Departmental Capital Expenditure

Tertiary Education Commission - Final-year Fees Free (M119) (A19)

Scope of Appropriation

This appropriation is limited to development of systems to support the implementation of the final-year Fees Free scheme.

Capital Expenditure

	2024/25		
	Estimates \$000		Total \$000
Total Appropriation	-	3,257	3,257

What is Intended to be Achieved with this Appropriation

This appropriation is intended to enable the Tertiary Education Commission's role in implementing systems and processes to support the delivery of the final-year Fees Free scheme.

How Performance will be Assessed and End of Year Reporting Requirements

An exemption was granted as the appropriation is one from which resources will be provided to a person or entity other than a department, a functional chief executive, an Office of Parliament, or a Crown entity under s15D(2)(b)(iii) of the PFA, as the amount of this appropriation for non-departmental capital expenditure is less than \$15 million.

Reasons for Change in Appropriation

This appropriation (\$3.257 million in 2024/25 and further \$2.087 million in 2025/26) was established as part of an operating-to-capital swap of funding appropriated in Budget 2024 for the implementation of the final-year Fees Free scheme.

Tertiary Education Institutions' Proceeds from Disposal of Crown Assets (M14) (A19)

Scope of Appropriation

This appropriation is limited to investing in Tertiary Education Institutions (TEIs) their share of the proceeds from the disposal of assets used by TEIs that are or were previously held in Crown title.

Reasons for Change in Appropriation

This appropriation increased by \$19.376 million to \$20.616 million due to a transfer to ensure sufficient funding is available to distribute proceeds from the disposal of assets used by Tertiary Education Institutions.

Part 4 - Details of Multi-Category Expenses and Capital Expenditure

4 - Multi-Category Expenses and Capital Expenditure

Tertiary Tuition and Training (M119) (A19)

Overarching Purpose Statement

The single overarching purpose of this appropriation is to support and fund tertiary tuition and training that results in improvements in New Zealanders' skill levels.

Scope of Appropriation

Non-Departmental Output Expenses

Access to and Success in Tertiary Education

This category is limited to improving access to and success in tertiary education and training for learners underserved by the tertiary system, particularly those identified in the Tertiary Education Strategy.

Foundation and Community Education

This category is limited to funding for adult and community education, literacy, numeracy and English language provision, and other foundation education programmes.

Qualification Delivery

This category is limited to funding for teaching, training and learning services that support enrolled students at tertiary education organisations to achieve recognised tertiary qualifications and credentials.

Expenses, Revenue and Capital Expenditure

	2024/25			
	Estimates \$000	Supplementary Estimates \$000	Total \$000	
Total Appropriation	3,089,226	33,680	3,122,906	
Non-Departmental Output Expenses				
Access to and Success in Tertiary Education	99,149	203	99,352	
Foundation and Community Education	312,228	(185)	312,043	
Qualification Delivery	2,677,849	33,662	2,711,511	

Reasons for Change in Appropriation

This appropriation increased by \$33.680 million to \$3,122.906 million for 2024/25 due to:

- discontinuation of the Strategic Component of the Unified Funding System for Vocational Education and Training (VET) from 1 January 2025 and the transfer of the funding appropriated for it under non-departmental output expense Strategic Support for National and Regional Priorities to increase per-learner delivery component subsidy rates for provider-based and extramural (including online) VET delivery (\$40.912 million increase), and
- transfer funding from 1 January 2025 for Te Tahua o Te Reo Kairangi (Te Tahua) fund to support
 growth and proficiency of te reo Māori (at qualification level 5 and above) from non-departmental
 output expense Strategic Support for National and Regional Priorities (\$1.500 million increase).

The increase is partially offset by:

- reprioritisation of uncommitted Accelerating Learner Success Fund (Tūwhitia) funding to establish a fund from 2025/26 to support strategically important vocational education and training provision following the disestablishment of Te Pūkenga (\$7.797 million decrease)
- a transfer to benefits or related expense Tertiary Scholarships and Awards to meet increased demand for Medical Trainee Intern Grants payable to final-year medicine students (\$750,000 decrease), and
- a transfer to non-departmental output expense Administration of and Support for the Tertiary Education and Careers Systems for co-ordination of emergency management and search and rescue training (\$185,000 decrease).
