| Title:                       | Cybersecurity and Managed IT Services – Continuing Delivery  |
| <b>Description:</b>          | This initiative transfers funding for continuing cybersecurity<br>and managed digital services to kura and schools, to better<br>protect the education sector against rapidly escalating cyber-<br>attacks and privacy breaches. A Ministry of Education<br>recruitment freeze has slowed this work. This transfer will<br>allow further delivery of software that meets a minimum set of<br>cybersecurity and privacy requirements; tools to assist schools<br>to understand their own risks; assisting schools to improve<br>cybersecurity capability; and monitoring and management of<br>vulnerabilities. Transfers for this programme have been<br>included in the Budget technical process to allow for greater<br>visibility than the baseline update process allows. |

| Appropriation Administrator: | Ministry of Education   |
| Title:                       | Delivering the Public Private Partnership Schools Expansion<br>Programme – Reprofiling of Tagged Contingency  |
| Description:                 | This initiative rephases the Public Private Partnership (PPP)<br>Schools Expansion tagged contingency and also provides for<br>an adjustment to the operating and capital tagged contingency<br>balances. The rephasing and adjustment to the operating and<br>capital contingencies will reflect the most up to date funding<br>requirements of the programme following the returns of<br>funding as part of the larger savings initiative for Vote<br>Education in August 2023, initial drawdown of the tagged<br>contingency in March 2024, further refinement of programme<br>costs, and the outcome of negotiations with the PPP contractor.<br>The initiative is within the delegation of Joint Ministers under<br>Cabinet Office Circular CO (18) 2 but details had not been<br>agreed prior to the March Baseline Update being submitted. |

- 5 **noted** that in Budget 2023 Cabinet:
  - 5.1 agreed to establish tagged operating and capital contingencies associated with the Education portfolio of up to the following amounts to provide for the Public Private Partnership (PPP) programme:

[38]

- 5.2 noted that the above operating and capital contingencies are to provide funding to expand five PPP schools;
- 5.3 agreed that the tagged operating and capital contingencies above remain confidential until such time as the Ministry of Education's negotiations with the PPP contractor are complete;
- 5.4 noted that rephasing of funding may be required based on further refinement of costings and the outcome of the Ministry of Education's negotiations with the PPP contractor;
- 5.5 agreed that the Minister of Finance and the Minister of Education can jointly draw down the tagged operating and capital contingencies (establishing any new appropriations as necessary), subject to a report back to Joint Ministers on progress of work to the PPP schools funded through this initiative;
- 5.6 agreed that the tagged operating and capital contingencies will expire on 30 June 2026;

[CAB-23-MIN-0139 Initiative 14756]

6 **noted** that in August 2023, the Cabinet Social Wellbeing Committee agreed to reduce the Budget 2023 operating tagged contingency by <sup>[38]</sup> and the capital tagged contingency by <sup>[38]</sup> over four years as part of Vote Education's larger reprioritisation initiative to fund the settlement of the Secondary Teachers Collective Agreement as follows:

|                       |         | \$m - increase/(decrease) |         |         |         |         |

| Operating Contingency | [38]    |                           |         |         |         |         |
| Capital Contingency   |         |                           |         |         |         |         |
| Total                 |         |                           |         |         |         |         |

[SWC-23-MIN-0107]

7 **noted** that following the decision to return the tagged contingency as noted above, the Ministry of Education has identified a suitable delivery option that is still within the revised funding envelope through cost savings in the school designs; 8 [38]

- 9 **noted** that the Ministry of Education has successfully completed the first phase of negotiations with the PPP contractor;
- 10 **noted** that the required mix for capital and operating funding has changed as, following negotiations with the PPP contractor, there will be a more limited use of private financing;
- 11 **agreed** to rephase the operating and capital tagged contingencies to reflect the updated funding requirements of the PPP schools expansion programme following the adjustments detailed in paragraphs 6 and 8 above, further refinement of costs, and the results of negotiations with the PPP contractor as follows:

[38]

12 noted that following the adjustments detailed in paragraph 11 above, as well as the previous adjustments agreed in paragraphs 6 and 8, the remaining balances and phasing of the tagged operating and capital contingencies will be:
[38]

- 13 **noted** that the reprioritisation noted in paragraph 6 above is not being carried through into outyears;
- 14 **directed** the Ministry of Education to report back to the Minister of Education and the Minister of Finance (Joint Ministers) on proposed options to meet the <sup>[38]</sup> reprioritisation funding shortfall to fund costs of the 2023 Secondary Teachers Collective Agreement from 2027/28;

| Title:                       | Electric Vehicle Fleet Transition – Provision for Additional Subsidies  |
| <b>Description:</b>          | This initiative provides funding to subsidise the Ministry of<br>Education transitioning to an Electric Vehicle (EV) fleet and<br>installing EV chargers. The subsidy is funded from the State<br>Sector Decarbonisation Fund administered by the Energy<br>Efficiency and Conservation Authority (EECA). It also<br>provides for the Ministry to retain the contributions from<br>EECA towards the capital cost of EV charging stations<br>totalling \$0.282 million as an increase in taxpayers' funds in<br>2023/24. These adjustments were excluded from the March<br>Baseline Update to ensure Cabinet oversight over the retention<br>of funds. |

| Title:                       | Export Education Levy Loan Repayment  |
| Description:                 | This initiative provides funding for repayment of the Export<br>Education Levy (EEL) loan over 2023/24 and 2024/25. In 2018<br>EEL received a temporary advance from the Ministry of<br>Education to cover costs of provider and programme closures<br>in the Private Training Establishment sector<br>[SWC-18-MIN-0116]. The advance was to be repaid subject to<br>Ministers' agreement after the EEL account achieved a long-<br>term sustainable level. Due to COVID-19, international student<br>numbers fell and consequently payment of EEL obligations<br>was suspended over 2020, 2021 and 2022 to support<br>international education providers. EEL was reinstated from<br>2023 and can now repay the \$4 million loan while meeting its<br>ongoing funding obligations. This is outside the delegations to<br>Joint Ministers under Cabinet Office Circular CO (18) 2. |

### **Additional Recommendations**

- 19 **noted** that in September 2018, the Cabinet Social Wellbeing Committee [SWC-18-MIN-0116]:
  - 19.1 noted that the temporary advance will be repaid to the Crown after the levy account achieves a long term sustainable level;
  - 19.2 agreed in principle that the amount of the loan should be recovered from levy revenue in future years for capital injection into the Ministry of Education if necessary;

- 20 **agreed** that \$4 million be added to Ministry of Education taxpayers' funds over 2023/24 and 2024/25;
- 21 **noted** that there is a related technical initiative in Vote Tertiary Education (Initiative 16069);
- noted that Initiatives 16067 and 16069 are fiscally neutral overall;

| Description:                 | This initiative will reprioritise existing funding to support the ongoing operation of Ngā Puna Reo o Aotearoa - the national body for kaupapa Māori education and care services. #### 25 **noted** that:

- 25.1 maintaining support for Ngā Puna Reo o Aotearoa (NPRA) means NPRA continues to operate and will support puna reo services to connect and learn from each other;
